Attachments: pic08153.jpg

Looks like the last iron reading was not a developing trend - hopefully.

Next reading(s) should tell:

Subject
Crandall mine water discharge - lab
report for March 17 sample &
trend/compliance data

All,

If you would like to opt out of receiving this information, please let me know and I will remove your email address from the bulk mailing list.

Please see attached Crandall Canyon mine water discharge laboratory results for the sample taken Monday, March 17th. Excel files showing trends and UPDES permit compliance are also attached.

Regards,

Karla Knoop, Hydrologist
